Professional Summary

I'm a passionate Web Developer skilled in creating modern, fast, and responsive websites using PHP, JavaScript, and MySQL. I focus on user-friendly and secure web experiences with custom backend logic.

Skills

- PHP, MySQL
- JavaScript, AJAX, jQuery
- HTML5, CSS3, Bootstrap
- REST APIs Integration
- cPanel, WHM, Domain & Hosting Management
- Payment Gateway Integration (UPI, QR, Webhooks)

Projects

- **Payment Gateway:** A custom UPI payment verification system with QR code and webhook integration.
- **Client Panel:** A full WHMCS-powered hosting platform with client dashboard.

Experience

- **Freelance Web Developer** — 2022 - Present
- **2xHosty.com** — Co-Founder & Tech Lead

Education

Bachelor's in Computer Applications (BCA)
